Michael Puckett

UX ENGINEER

I'm a creative technologist and advocate of digital accessibility with over 10 years of professional experience building for the web platform.

EXPERIENCE

Google • UX Engineer • Remote • 2022—Present
- I'm developing digital experiences for the Google brand.
- TypeScript, Lit, SCSS

ProUnlimited • UX Engineer (Contract at Google) • Remote • 2021—2022
- I contracted at Google for a year before joining.

LiveSchool • UI Architect • Remote • 2018—2021
- I prototyped features and built the primary front-end for the app.
- ESNext, Vue.js, Firebase, PostCSS, Accessible HTML, Capacitor, Git

Prosoft • Web Developer (Contract at Humana) • Louisville, KY • 2016—2018
- I built a library of UI components based on WCAG/ARIA patterns.
- ES6, Vue.js, SCSS, Accessible HTML, Storybook, Git, TFS

Apple • UI Engineer • Cupertino, CA • 2013—2016
- I built interfaces to support product launches and transactions on Apple.com.
- I helped create a company-wide SCSS framework.
- ES6, Can.js, SCSS, Accessible HTML, Gulp, Git, SVN

TekSystems • Senior Web Developer (Contract at CNN) • Atlanta, GA • 2013
- I helped build a responsive redesign and replatforming of CNN.com.
- JavaScript, Node.js, Express.js, Dust.js, MonogDB, SCSS, Git

iostudio • Front-End Web Developer • Nashville, TN • 2012—2013
- I built websites for local and national clients, including the US National Guard.
- JavaScript, SCSS, Angular.js (v1), Git

Fruit of the Loom • Designer/Developer • Bowling Green, KY • 2011—2012
- I designed and developed a relaunch of jerzees.com.
- JavaScript, CSS, HTML

Communication Components • Developer • Nashville, TN • 2010—2011
- I built and designed online tools for creating co-branded media.
- JavaScript, CSS, HTML, XML/XSLT/XML-FO

EDUCATION

Western Kentucky University • Bowling Green, KY • 2005—2009
- I earned a B.A. in Advertising/Graphic Design, Summa Cum Laude.
- Coursework included Creative Strategy, Design Fundamentals, Illustration, Motion Graphics, and Graphic Design Survey.
- I learned PHP as part of an internship at the City of Bowling Green, Kentucky.
- I worked at the campus advertising agency as a web designer.
- I also worked at the student newspaper as a print designer.
